Stillwater Area School District welcomes input from citizens as community involvement fosters better decision making and improved learning experiences for all students. While comments and questions are welcome during Open Forum, law prohibits the Board from discussing concerns about individual employees or students in a public meeting. We will stop the proceedings immediately if employee or student privacy issues are raised and direct the speaker to forward comments regarding individual employees or students to the superintendent.

Because we are modeling civil discourse for our community, speakers must present their testimony in a respectful manner. Vulgarity, character attacks, malice or specific complaints identifying staff or students by name or implication will not be permitted.

Summary:

The school district is engaging in a long-term facilities planning process. A Community Design Team is being formed to consider the district’s facilities needs and make recommendations to the school board on ways to enhance our facilities to better support our students.

Applications from interested community members were accepted earlier this spring and the base of the committee was approved by the board in April. Based on the recommendation of facilitators from the Cuningham Group, additional members for this group have been identified to ensure more diversity, as well as to include more representatives from local government, businesses, students and district staff.

The working group is recommending the board approve the group of nearly 100 parents, community members, staff and students to serve on the Community Design Team.

Team member names will be made public following approval of the school board.

Recommendation:
A motion and a second to approve the Community Design Team roster will be requested.

The handbook is published electronically and can be found on the district’s website. Families receive multiple communications each fall directing them to the online handbook. Each year, parents/guardians are required to sign off that they have reviewed the policies, procedures and required notices contained within this handbook.

Administration requests approval of the 2019-2020 District Handbook, which is available for review at stillwaterschools.org/handbook.

ISD 834 Board Meeting

Agenda Item: Afton-Lakeland Elementary Playground Surfacing
Meeting Date: July 25, 2019
Contact Person: Kristen Hoheisel, Executive Director of Finance and Operations

Background:
Northland Recreation, LLC has proposed to provide and install rubberized playground surfacing for the Afton-Lakeland Elementary Preschool/Kindergarten playground. This surface will allow easy access to the playground structure and is a key component in facilitating lateral play for all students. The surfacing will replace the current woodchips.

The equipment updates include replacing the faded plastic components, adding two additional swings and providing a preschool age piece of equipment.

The cost of the fall surface will be funded by the 2015 Referendum proceeds. The proposal from Northland Recreation, LLC is to provide and install the rubberized fall zone surfacing for $58,787 on the preschool/kindergarten playground at Afton-Lakeland Elementary. Administration recommends the Board approve the proposal from Northland Recreation, LLC.
