Agenda Item: Open Forum  
Meeting Date: September 12, 2019

Background:

If you wish to speak to the School Board, you will be able to do so at the start of the school board meeting during Open Forum. You may sign in only for yourself, not other individuals or groups, and only in person. The sign in sheet is made available 30 minutes prior and up to the start of the meeting. The School Board has expanded the number of speakers to 40 with a two minute limit. If you spoke at the last meeting, please consider allowing others to sign in before you. After you address the Board, please leave the podium.

Stillwater Area School District welcomes input from citizens as community involvement fosters better decision making and improved learning experiences for all students. While comments and questions are welcome during Open Forum, law prohibits the Board from discussing concerns about individual employees or students in a public meeting. We will stop the proceedings immediately if employee or student privacy issues are raised and direct the speaker to forward comments regarding individual employees or students to the superintendent.

Because we are modeling civil discourse for our community, speakers must present their testimony in a respectful manner. Vulgarity, character attacks, malice or specific complaints identifying staff or students by name or implication will not be permitted.

The Board will not deliberate, discuss, or engage in conversation with speakers during open forum.

However, the Board may ask administration to review the concern(s) presented.

Recommendation:
This is for informational purposes only.
Background:
The consent agenda is a meeting practice which packages routine reports, Board meeting minutes, and other non-controversial items not requiring discussion or independent action as one agenda item. The Board will approve this ‘package’ of items together in one motion.

   The 2017 Legislature amended the Length of School Year; Hours of Instruction (Minn. Stat. § 120A.41) to include the option of a school district utilizing up to five e-Learning days, due to inclement weather. These days are counted as instructional days and included as hours of instruction. A school district, through consultation with teacher representation, may develop a plan for these days. Stillwater Area Public Schools district administration and teacher representatives have developed a draft plan for such days. SAPS will call these days Flex Days. Dr. McDowell shared the components of the draft plan to include purpose, process, expectations, communication and differences between elementary and secondary plans. It is anticipated that a final plan for approval will be brought to the school board in September

   B. Post-Secondary and Concurrent Enrollment Options
   Dr. McDowell provided an informational report on the Stillwater Area Public Schools offering Post-Secondary Enrollment Options (PSEO) and Concurrent Enrollment options to high school students (grades 10-12). 10th grade can only take one class. Students can enroll up to full-time in PSEO. Students will meet with the school counselor prior to enrollment and are considered college students while at the college. Dr. McDowell also shared aspects of the 916 programming offered at Century College. This report included information about how students enroll, enrollment numbers, differences between the programs and credit opportunities. Concurrent enrollment is offered by Century College. College in the schools is given credit by the UofMN and these classes are taught by certified teachers at the high school. Students receive college and high school credit.

Consent Agenda Item: Marsh & McLennan Agency – Workers' Compensation Renewal  
Meeting Date: September 12, 2019  
Contact Person: Kristen Hoheisel, Executive Director of Finance and Operations

**Summary:**
The Minnesota Workers' Compensation Law states that all employers are required to purchase workers' compensation insurance or become self-insured. This is often referred to as “mandatory coverage.” Employers risk being fine by the Department of Labor and Industry for failing to provide workers' compensation insurance for their employees, regardless of whether an injury has occurred.

Administration recommends that the board approve the Workers' Compensation Renewal along with the agency fee provided by Marsh & McLennan for 2019-2020.

A copy of the insurance agreement and workers' compensation data history is provided

**Recommendation:**
Approval of the Consent Agenda will be requested.

3. **Compensation**

   MMA shall be compensated for its services as follows:

   **Fee-Based Compensation**
   MMA will deliver its Services to you for the Fee Coverages for an annual fee of $16,500 for a period of one year. The fee shall be paid by you commencing 10/4/19 in one annual installment.

   MMA shall credit against the annual fee any retail commissions collected by them that apply to the Fee Coverages. If these commissions for a contract year exceed the annual fee, then MMA will return any excess retail commissions to you unless prohibited by applicable anti-rebating laws.

   **Commission-Based Compensation**

   The form of MMA’s compensation, whether by fee, commission or both shall not affect MMA’s role as insurance broker or the scope of services provided by MMA.

   MMA can provide additional services at an additional cost. The cost and scope of additional services will be
agreed in advance and reflected in an amendment to this Agreement or a separate agreement.

If there is a significant change in your operations or risks that affects the nature and scope of your insurance program and/or service needs, both parties agree to renegotiate MMA’s compensation in good faith.

**Compensation Disclosure**

Please see Appendix A for MMA’s standard compensation disclosure, which may be updated from time to time.

4. **Term and Termination**

   The term of this Agreement is one year starting on the Effective Date and may be extended in writing.

   Either party may terminate this Agreement upon 90 days’ prior written notice. If MMA terminates this Agreement, MMA’s compensation will be adjusted pro-rata to reflect the duration of the Agreement. [If you terminate this Agreement, MMA’s annual compensation will be deemed earned as follows: 60% at the commencement of the current contract year; 75% after four months of the current contract year; and 100% after seven months of the current contract year.]

   The obligation of MMA to provide Services to you will cease upon the effective date of termination, unless otherwise agreed in writing.

5. **Taxes and Fees**

   MMA may place insurance for you that may require the payment of insurance premium taxes (including U.S. federal excise taxes), sales taxes, use taxes, surplus or excess lines and similar taxes and/or fees to federal, state or foreign regulators, boards or associations. You agree to pay such taxes and fees. MMA will remit any taxes and fees that it collects from you to the appropriate authorities.

6. **Your Responsibilities**

   You shall be solely responsible for the accuracy and completeness of all information that you furnish to MMA and/or insurers, and you shall sign any required application for insurance. MMA shall not be responsible to verify the accuracy or completeness of any information that you provide, and MMA shall be entitled to rely on that information. MMA shall have no liability for any errors, deficiencies or omissions in any Services provided to you, including the placement of insurance on your behalf, that are based on inaccurate or incomplete information provided to MMA. You understand that the failure to provide all necessary information to an insurer, whether intentional or by error, could result in the impairment or voiding of coverage.

You will review all policy documents provided to you by MMA.

7. **Other Revenue**

   If MMA assists you with obtaining premium financing, MMA may receive compensation from the finance company that provides the premium financing.

   MMA earns and retains interest income on premium payments held by MMA on behalf of insurers between the time MMA receives these payments from you and the time MMA remits these payments to the insurers, where permitted by applicable law.

Except to your insurers in connection with the placement of coverage by MMA, you shall not share any of MMA’s Modeling and Analytics work product with a third party without MMA’s prior written consent.

9. Miscellaneous
The laws of the State of New York govern this Agreement. This Agreement may only be amended by mutual written agreement.

Each party, on behalf of itself and its affiliates, to the fullest extent permitted by law, knowingly, voluntarily, and intentionally waives its right to a trial by jury in any action or other legal proceeding arising out of or relating to this Agreement or any services provided by MMA or its affiliates. The waiver applies to any action or legal proceeding, whether sounding in contract, tort or otherwise. Each party, on behalf of itself and its affiliates, also agrees not to include any employee, officer or director of the other party or its affiliates as a party in any such action or proceeding.

It is the intent of the parties that the provisions of this Agreement shall be enforced to the fullest extent permitted by applicable law. To the extent that the terms set forth in this Agreement or any word, phrase, clause or sentence is found to be illegal or unenforceable for any reason, such word, phrase, clause or sentence shall be modified or deleted in such manner so as to afford the party for whose benefit it was intended the fullest benefit commensurate with making this Agreement, as modified, enforceable, and the balance of this Agreement shall not be affected thereby, the balance being construed as severable and independent.

This Agreement and its written amendments and appendices constitute the entire understanding between MMA and you, and supersede all other agreements or understandings, related to its subject matter.

Neither party will have any liability for any failure or delay in performing because of a force majeure event.

Nothing express or implied in this Agreement is intended to confer, nor shall anything herein confer, upon any person other than the parties and the respective successors or assigns of the parties, any rights, remedies, obligations, or liabilities whatsoever.

Appendix A
Compensation Disclosure

Marsh & McLennan Agency LLC ("MMA") prides itself on being an industry leader in the area of transparency and compensation disclosure. We believe you should understand how we are paid for the services we are providing to you. We are committed to compensation transparency and to disclosing to you information that will assist you in evaluating potential conflicts of interest.

As a professional insurance producer, MMA and its subsidiaries facilitate the placement of insurance coverage on behalf of our clients. As an independent insurance agent, MMA may have authority to obligate an insurance company on behalf of our clients and as a result, we may be required to act within the scope of the authority granted to us under our contract with the insurer. In accordance with industry custom, we are compensated either through commissions that are calculated as a percentage of the insurance premiums charged by insurers, or fees agreed to with our clients.

MMA engages with clients on behalf of itself and in some cases as agent on behalf of its non-US affiliates with respect to the services we may provide. For a list of our non-US affiliates, please visit: http://global.marsh.com/about/. In those instances, MMA will bill and collect on behalf of the non-US Affiliates amounts payable to them for placements made by them on your behalf and remit to them any such amounts collected on their behalf;

MMA receives compensation through one or a combination of the following methods:

- **Retail Commissions** – A retail commission is paid to MMA by the insurer (or wholesale broker) as a percentage of the premium charged to the insured for the policy. The amount of commission may vary depending on several factors, including the type of insurance product sold and the insurer selected by the client.

- **Client Fees** – Some clients may negotiate a fee for MMA’s services in lieu of, or in addition to, retail commissions paid by insurance companies. Fee agreements are in writing, typically pursuant to a Client Service Agreement, which sets forth the services to be provided by MMA, the compensation to be paid to MMA, and the terms of MMA’s engagement. The fee may be collected in whole, or in part, through the crediting of retail commissions collected by MMA for the client’s placements.

- **Contingent Commissions** – Many insurers agree to pay contingent commissions to insurance producers who meet set goals for all or some of the policies the insurance producers place with the insurer during the current year. The set goals may include volume, profitability, retention and/or growth thresholds. Because the amount of contingent commission earned may vary depending on factors relating to an entire book of business over the course of a year, the amount of contingent commission attributable to any given policy typically will not be known at the time of placement.

- **Supplemental Commissions** – Certain insurers and wholesalers agree to pay supplemental commissions, which are based on an insurance producer’s performance during the prior year. Supplemental commissions are paid as a percentage of premium that is set at the beginning of the calendar year. This percentage remains fixed for all eligible policies written by the insurer during the ensuing year. Unlike contingent commissions, the amount of supplemental commission is known at the time of insurance placement. Like contingent commissions, they may be based on volume, profitability, retention and/or growth.

- **Wholesale Broking Commissions** – Sometimes MMA acts as a wholesale insurance broker. In these placements, MMA is engaged by a retail agent that has the direct relationship with the insured. As the wholesaler, MMA may have specialized expertise, access to surplus lines markets, or access to specialized insurance facilities that the retail agent does not have. In these transactions, the insurer typically pays a commission that is divided between the retail and wholesale broker pursuant to arrangements made between them.

- **Other Compensation & Sponsorships** – From time to time, MMA may be compensated by insurers for providing administrative services to clients on behalf of those insurers. Such amounts are
typically calculated as a percentage of premium or are based on the number of insureds. Additionally, insurers may sponsor MMA training programs and events.

We will be pleased to provide you additional information about our compensation and information about alternative quotes upon your request. For more detailed information about the forms of compensation we receive please refer to our Marsh & McLennan Agency Compensation Guide at https://www.marshmma.com/resource/compensation-guide-for-client.pdf

MMA's aggregate liability arising out of or relating to any services on your account shall not exceed ten million dollars ($10,000,000), and in no event shall we be liable for any indirect, special, incidental, consequential or punitive damages or for any lost profits or other economic loss arising out of or relating to such services. Background: As part of the Stillwater Area Public Schools – 2019 Bus Facility Improvements project, the District will be connecting to the City of Lake Elmo's sanitary sewer, storm water and water supply systems. These public utilities and infrastructures are to be provided as part of a greater development project to this area. Because the planned development has not progressed, interim changes will be necessary for the District's student transportation provider to occupy the facility. As a result, additional civil engineering design and coordination will be needed.

Larson Engineering has an existing agreement dated December 21, 2018 and executed on January 2, 2019. This agreement provides civil engineering services for the 2019 Bus Facility Improvements which includes construction documents, bidding and construction administration/inspections in the amount of $38,800.

Larson Engineering has provided a proposal to make necessary design changes and track construction costs associated with the delayed public utilities connections. Since the scope is not clear, Larson Engineering is proposing to proceed on an hourly basis not to exceed $5,000 to make design changes and track construction costs needed to accommodate the use of the facility until the public utilities are made available for connection.

Based on the need to occupy the Transportation Facility prior to public utilities being available, Administration recommends proceeding with the proposal from Larson Engineering, Inc.

Location(s): Bus Facility

Project Name: 2019 Bus Facility Interim Design Changes

Fund: Building Construction Fund

Item: Interim Utility Design Changes

Cost: Proceed on an hourly basis not to exceed $5,000 plus additional charges for mechanical and electrical fees if required.

Approval of the Consent Agenda will be requested.

RE: Additional Civil Engineering Services
    2019 Bus Facility Improvements

Mr. Anthony Willger,

As requested, Larson Engineering, Inc. (LEI) is pleased to submit the following proposal to provide additional civil engineering services for the 2019 Bus Facility Improvements for the Stillwater Area Public School District. These additional services are related to design and construction changes resulting from the delay by others regarding the installation of the City water and sanitary sewer services for the property.

PROJECT DESCRIPTION
Stillwater Area Public Schools purchased the property at 11530 Hudson Boulevard North in Lake Elmo, Minnesota which includes a small gravel-surfaced parking lot and an office/maintenance building. The parking areas will be expanded to accommodate the school bus maintenance and parking needs of the School District. Operations from the existing school bus facility located at 5288 Stagecoach Trail North in Stillwater, Minnesota will be relocated to this new property after the improvements are completed.

As part of the proposed improvements, the existing building will be connected to the new City sanitary sewer, storm water and municipal water supplies when these new utilities are installed as part of a separate development which includes the re-alignment of Hudson Boulevard. However, the City’s project has been delayed such that the new City water, storm sewer, and sanitary sewer will not be installed before the School District needs to occupy this facility. Therefore, changes to the design to accommodate use of the facility until those City utilities are installed will be necessary.

Larson Engineering will work with Stillwater Area Public Schools and the contractor to come up with the most viable and cost-effective ways to address the various concerns related to the delay in City utility installation. Since the scope of work cannot be well defined at this point in time, we proposed to provide our additional services on an hourly basis, not to exceed $5,000.

ENGINEERING FEES
Larson Engineering will perform these requested services in accordance with our standard Terms and Conditions and the hourly rates provided below. Most of the anticipated re-design work will be performed by a Design Engineer, a CADD Technician, and reviewed and coordinated by the Project Manager.

Summary: The Policy Work Group believes that the public be given ample opportunity for input while also keeping the board meetings within a reasonable time period. Propose to allow 15 speakers each 3 minutes during Open Forum. As a board we want to be responsive to the public demand and leave it flexible in the policy. The Policy Work Group will revisit this at a future meeting in November. If it continues to happen that the board chair has to remind speakers to stay within their time frame, the Policy Work Group will readdress the need to extend the time frame.

Recommendation:

This is a report for information for future action. Action will be requested at the September 26, 2019 business meeting.
I. PURPOSE

The purpose of this policy is to identify school district business expenses that involve initial payment by an employee and qualify for reimbursement from the school district, and to specify the manner by which the employee seeks reimbursement.

II. AUTHORIZATION

All school district business expenses to be reimbursed must be approved prior to purchase by the supervising administrator. Such expenses to be reimbursed may include transportation, meals, lodging, registration fees, required materials, parking fees, tips, and other reasonable and necessary school district business-related expenses.

III. REIMBURSEMENT

A. Requests for reimbursement must be itemized on the official school district form and are to be submitted to the designated administrator. Receipts for lodging, commercial transportation, registration, and other reasonable and necessary expenses must be attached to the reimbursement form.

B. Automobile travel shall be reimbursed at the IRS mileage rate set by the school board. Commercial transportation shall reflect economy fares and shall be reimbursed only for the actual cost of the trip.

IV. AIRLINE TRAVEL CREDIT

A. Airline tickets must be booked through a travel agent or through another method, whichever costs the least. The district provides payment for travel on coach class or tourist class only. Employees utilizing school district funds to pay for airline travel are required to ensure that any credits or other benefits issued by any airline accrue to the benefit of the school district rather than the employee.

1. To the extent an airline will not honor a transfer or assignment of credit or benefit from the employee to the school district, the employee shall report receipt of the credit or benefit to the designated administrator within 90 days of receipt of the credit or benefit.
2. Reports of the receipt of an airline credit or benefit shall be made in writing and shall include verification from the airline as to the credit or benefit received. Reimbursement for airline travel expenses will not be made until such documentation is provided.

B. The District’s P-Card Mastercard should be used to make travel (airline/hotel reservations) and conference registrations; personal credit cards must not be used to purchase airline tickets. Employees who have existing credits or benefits issued by an airline based upon previously reimbursed airline travel for school district purposes will be required to utilize those credits or benefits toward any subsequent airline travel related to school district purposes, prior to reimbursement for such travel, to the extent permitted and/or feasible.

C. The requirements of this section apply to all airline travel, regardless of where or how the tickets are purchased.

V. ESTABLISHMENT OF DIRECTIVES AND GUIDELINES

The superintendent or designee shall develop a schedule of reimbursement rates for school district business expenses, including those expenses requiring advance approval and specific rates of reimbursement. The superintendent shall also develop directives and guidelines to address methods and times for submission of requests for reimbursement.

II. GENERAL STATEMENT OF POLICY

A. Lockers and Personal Possessions Within a Locker

Pursuant to Minnesota statutes, school lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant. The personal possessions of students within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student’s personal possessions, the school officials must provide notice of the search to students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials.

B. Desks

School desks are the property of the school district. At no time does the school district relinquish its exclusive control of desks provided for the convenience of students. Inspection of the interior of desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

C. Personal Possessions and Student’s Person

The personal possessions of students and/or a student’s person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

D. A violation of this policy occurs when students use lockers and desks for unauthorized

[Note: School districts are required by statute to have a policy addressing these issues.]
purposes or to store contraband. A violation occurs when students carry contraband on their person or in their personal possessions.

III. CANINE DETECTION

In order to maintain a safe and healthy educational environment, planned and generalized schoolwide canine detection procedure (commonly referred to as canine sniff) of student lockers, desks, vehicles when parked on school property, and school facilities and grounds may be conducted periodically in District 834. In addition, canine detection may also be utilized when an administrator has a specific suspicion that contraband is present on school property. The contraband the canine may detect includes drugs, bomb devices and firearms. Notification of canine detection will be provided annually prior to the start of the school year.

IV. DEFINITIONS

A. “Contraband” means any unauthorized item possession of which is prohibited by school district policy and/or law. It includes, but is not limited to, weapons and “look-alikes,” alcoholic beverages, controlled substances and “look-alikes,” overdue books and other materials belonging to the school district, and stolen property.

B. “Personal possessions” includes, but is not limited to, purses, backpacks, bookbags, packages, and clothing.

C. “Reasonable suspicion” means that a school official has grounds to believe that the search will result in evidence of a violation of school district policy, rules, and/or law. Reasonable suspicion may be based on a school official’s personal observation, a report from a student, parent or staff member, a student’s suspicious behavior, a student’s age and past history or record of conduct both in and out of the school context, or other reliable sources of information.

D. “Reasonable scope” means that the scope and/or intrusiveness of the search is reasonably related to the objectives of the search. Factors to consider in determining what is reasonable include the seriousness of the suspected infraction, the reliability of the information, the necessity of acting without delay, the existence of exigent circumstances necessitating an immediate search and further investigation (e.g., to prevent violence, serious and immediate risk of harm or destruction of evidence), and the age of the student.

IV. PROCEDURES

A. School officials may inspect the interiors of lockers and desks for any reason at any time, without notice, without student consent, and without a search warrant.

B. School officials may inspect the personal possessions of a student and/or a student’s person based on a reasonable suspicion that the search will uncover a violation of law or school rules. A search of personal possessions of a student and/or a student’s person will be reasonable in its scope and intrusiveness.
C. As soon as practicable after a search of personal possessions within a locker pursuant to this policy, the school officials must provide notice of the search to students whose possessions were searched unless disclosure would impede an ongoing investigation by police or school officials.

D. Whenever feasible, a search of a person shall be conducted in private by a school official of the same sex. A second school official of the same sex shall be present as an observer during the search of a person whenever feasible.

E. A strip search is a search involving the removal of coverings or clothing from private areas. Mass strip searches, or body cavity searches, are prohibited. Strip searches will be conducted only in circumstances involving imminent danger.

F. A school official conducting any other search may determine when it is appropriate to have a second official present as an observer.

G. A copy of this policy will be included in the student handbook and disseminated in any other way which school officials deem appropriate. The school district shall provide a copy of this policy to a student when the student is given use of a locker.

VI. DIRECTIVES AND GUIDELINES

School administration may establish reasonable directives and guidelines which address specific needs of the school district, such as use of tape in lockers, standards of cleanliness and care, posting of pin-ups and posters which may constitute sexual harassment, etc.

VII. SEIZURE OF CONTRABAND

If a search yields contraband, school officials will seize the item and, where appropriate, turn it over to legal officials for ultimate disposition.

VIII. VIOLATIONS

A student found to have violated this policy and/or the directives and guidelines implementing it shall be subject to discipline in accordance with the school district’s Student Discipline Policy, which may include suspension, exclusion, or expulsion, and the student may, when appropriate, be referred to legal officials.

I. PURPOSE

The school district recognizes its responsibility relative to the collection, maintenance, and dissemination of public data as provided in state statutes.

II. GENERAL STATEMENT OF POLICY

The school district will comply with the requirements of the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13 (MGDPA), and Minn. Rules Parts 1205.0100-1205.2000 in responding to requests for public data.

III. DEFINITIONS

A. Government Data

B. Inspection

“Inspection” means the visual inspection of paper and similar types of government data. Inspection does not include printing copies by the school district, unless printing a copy is the only method to provide for inspection of the data. For data stored in electronic form and made available in electronic form on a remote access basis to the public by the school district, inspection includes remote access to the data by the public and the ability to print copies of or download the data on the public’s own computer equipment.

C. Public Data

[Note: School districts are required by statute to establish procedures consistent with the Minnesota Government Data Practices Act for public data requests.]
“Public data” means all government data collected, created, received, maintained, or disseminated by the school district, unless classified by statute, temporary classification pursuant to statute, or federal law, as nonpublic or protected nonpublic; or, with respect to data on individuals, as private or confidential.

D. **Responsible Authority**

“Responsible authority” means the individual designated by the school board as the individual responsible for the collection, use, and dissemination of any set of data on individuals, government data, or summary data, unless otherwise provided by state law. **Until an individual is designated by the school board, the responsible authority is the superintendent.**

E. **Summary Data**

“Summary data” means statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify an individual is ascertainable.

### IV. REQUESTS FOR PUBLIC DATA

A. All requests for public data must be made in writing directed to the responsible authority.

1. A request for public data must include the following information:

   a. Date the request is made;

   b. A clear description of the data requested;

   c. **Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and**

   d. Method to contact the requestor (such as phone number, address, or email address).

2. A requestor is not required to explain the reason for the data request.

3. The identity of the requestor is public, if provided, but cannot be required by the government entity.

4. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.
B. The responsible authority will respond to a data request at reasonable times and places as follows:

1. The responsible authority will notify the requestor in writing as follows:

   a. The requested data does not exist; or

   b. The requested data does exist but either all or a portion of the data is not accessible to the requestor; or

      (1) If the responsible authority determines that the requested data is classified so that access to the requestor is denied, the responsible authority will inform the requestor of the determination in writing, as soon thereafter as possible, and shall cite the specific statutory section, temporary classification, or specific provision of federal law on which the determination is based.

      (2) Upon the request of a requestor who is denied access to data, the responsible authority shall certify in writing that the request has been denied and cite the specific statutory section, temporary classification, or specific provision of federal law upon which the denial was based.

   c. The requested data does exist and provide arrangements for inspection of the data, identify when the data will be available for pick-up, or indicate that the data will be sent by mail. If the requestor does not appear at the time and place established for inspection of the data or the data is not picked up within ten (10) business days after the requestor is notified, the school district will conclude that the data is no longer wanted and will consider the request closed.

2. The school district’s response time may be affected by the size and complexity of the particular request, including necessary redactions of the data, and also by the number of requests made within a particular period of time.

3. The school district will provide an explanation of technical terminology, abbreviations, or acronyms contained in the responsive data on request.

4. The school district is not required by the MGDPA to create or collect new data in response to a data request, or to provide responsive data in...
a specific form or arrangement if the school district does not keep the data in that form or arrangement.

5. The school district is not required to respond to questions that are not about a particular data request or requests for data in general.

      (1) The actual cost of making copies includes employee time, the cost of the materials onto which the data is copied (paper, CD, DVD, etc.), and mailing costs (if any).
      (2) Also, if the school district does not have the capacity to make the copies, e.g., photographs, the actual cost paid by the school district to an outside vendor will be charged.

2. All charges must be paid for in cash in advance of receiving the copies.

B. Summary Data
