Stat. § 120A.41) to include the option of a school district utilizing up to five e-Learning days, due to inclement weather. These days are counted as instructional days and included as hours of instruction. A school district, through consultation with teacher representation, may develop a plan for these days. Stillwater Area Public Schools district administration and teacher representatives have developed a draft plan for such days. SAPS will call these days Flex Days. Dr. McDowell shared the components of the draft plan to include purpose, process, expectations, communication and differences between elementary and secondary plans. It is anticipated that a final plan for approval will be brought to the school board in September.

   B. Post-Secondary and Concurrent Enrollment Options
   Dr. McDowell provided an informational report on the Stillwater Area Public Schools offering Post-Secondary Enrollment Options (PSEO) and Concurrent Enrollment options to high school students (grades 10-12). 10th grade can only take one class. Students can enroll up to full-time in PSEO. Students will meet with the school counselor prior to enrollment and are considered college students while at the college. Dr. McDowell also shared aspects of the 916 programming offered at Century College. This report included information about how students enroll, enrollment numbers, differences between the programs and credit opportunities. Concurrent enrollment is offered by Century College.
