Our Kindergarten Philosophy
We have a passion for teaching kindergarteners and believe strongly in developing a partnership between the school and family, so everyone is working together to help children develop to their fullest potential.

Our Program:
- Welcomes each child at their current level of ability and provides developmentally-appropriate learning activities.
- Creates a child-centered curriculum that has high expectations for academic achievement and individual growth for all.
- Allows children time to explore, make discoveries, and experience enriched, hands-on activities.
- Offers an honest, respectful, caring and safe school environment that recognizes, accepts and promotes diversity.
- Encourages cooperation, teamwork and partnership in working with students, their families and faculty.

Kindergarten Orientation
March 1, 2019
This event allows your child to spend some time in the kindergarten classroom with a teacher, while parents learn more about the program from the principal. The two programs will begin at 9:15 a.m. and 1 p.m. An official invitation with details will be mailed to you in early February.

Ready, Set, Go Conference
The purpose of these conferences is to help develop a student-parent-teacher relationship and give teachers and students a chance to read together. Getting to know parents/guardians and their children personally is important to us. Successful beginnings and transitions help prepare the way for successful experiences.
