Our Kindergarten Philosophy

Kindergarten is a time for children to expand their love of learning, general knowledge, ability to get along with others, and interest in reaching out to the world. While kindergarten marks an important transition from preschool to the primary grades, it is important that children still get to be children.

Our Program:

- Welcomes each child at their current level of ability and provides developmentally-appropriate learning activities.
- Creates a child-centered curriculum that has high expectations for academic achievement and individual growth for all.
- Allows children time to explore, make discoveries, and experience enriched, hands-on activities.
- Offers an honest, respectful, caring and safe school environment that recognizes, accepts and promotes diversity.
- Encourages cooperation, teamwork and partnership in working with students, their families and faculty.

Welcome to Rutherford Elementary

KINDERGARTEN

We are excited about the adventures awaiting you and your child. Kindergarten is an important year and will build the foundation for lifelong learning. We look forward to working with you to create an enjoyable and successful school experience for your child. We strive to offer a learning environment best suited to each child’s specific needs and abilities.

Why I Teach

"I love teaching K because I can celebrate the learning that happens right in front of me. That learning happens at different levels and at different paces. Sometimes it's academic and sometimes it's social/emotional, but it's all amazing."

— Amy Skaj

"I love teaching kindergarten because everyday is full of pleasant surprises! These little people are always eager to learn and make each day joyful."

— Kelly Taverna

"My favorite thing about teaching kindergarten is having a role in the amazing academic, social and emotional growth each child experiences throughout the year."

— Julie Roettger

"As a kindergarten teacher, I want to create a feeling of belonging and joy so children will love coming to school and thrive as responsible learners with a strong educational foundation for a life full of learning."

— Holly Yehlik

"I teach kindergarten because I enjoy seeing kids at the start of their academic career and being the foundation to a solid beginning. It is fun to see the growth, both academic and social over the year."

— Deb Simcik

This event allows your child to spend some time in the kindergarten house with teachers, while parents learn more about the program from the principal and support staff. An official invitation with details will be mailed to you in early February.

Ready, Set, Go Conference
The purpose of these conferences is to help develop a student-parent-teacher relationship and give teachers and students a chance to read together. Getting to know parents/guardians and their children personally is important to us. Successful beginnings and transitions help prepare the way for successful experiences.
