

## Community

The Stillwater Area Public School District is home to nearly 60,000 residents living in 18 communities in the St. Croix River valley. The district stretches 30 miles along the scenic St. Croix River, from Marine on St. Croix south to Afton, and covers approximately 150 square miles. Our family-oriented communities offer the advantages of being within 20 miles of the Twin Cities metropolitan area, while also providing a small-town environment. View district boundaries and details at [www.stillwaterschools.org/boundaries](http://www.stillwaterschools.org/boundaries).

## Curriculum

Stillwater Area High School offers a comprehensive curriculum of more than 176 courses, providing preparation and six-year planning for college-bound students, post-secondary vocational students and students planning to enter the workforce following graduation. The school offers a wide variety of courses to build a strong educational foundation in language arts, mathematics, social studies, science, business education, industrial technology, fine arts, health and physical education. Students have the opportunity to study several world languages. They can also gain a wide variety of technical skills in the school's Fabrication Laboratory.
